

Path Chapter 6 Case Study

Activity: Chapter 6 Case Study

Course: 25UR CPT162 Intro to Web Page Publishing (W02)

Name: LATISHA M VINCENT WATERS

yoga.css	Proficient 3–4 points	Acceptable 1–2 points	Limited 0 points	Criterion Score
Task 2.1: CSS universal selector	Skill successfully demonstrated. Will use box-sizing. ✓	Skill somewhat demonstrated. Will use box-sizing.	Skill not demonstrated. Will use box-sizing.	4 / 4
Task 2.2: CSS wrapper id	Skill successfully demonstrated. Modify style rules for wrapper element. Will modify min-width to 1200px and max-width to 1480px.	Skill somewhat demonstrated. Modify style rules for wrapper element. Will modify min-width to 1200px and max-width to 1480px. ✓	Skill not demonstrated. Modify style rules for wrapper element. Will modify min-width to 1200px and max-width to 1480px.	2 / 4

Criterion Feedback

Your code should resemble the following:

```
#wrapper { background-color: #F5F5F5;
margin-left: auto;
margin-right: auto;
```

yoga.css	Proficient 3–4 points	Acceptable 1–2 points	Limited 0 points	Criterion Score
width: 80%; min-width: 1200px; max-width: 1480px;}				
Task 2.3: CSS nav	Skill successfully demonstrated. Modify style rules for the nav element. Will remove text-align and use float and width.	Skill somewhat demonstrated. Modify style rules for the nav element. Will remove text-align and use float and width. 	Skill not demonstrated. Modify style rules for the nav element. Will remove text-align and use float and width.	2 / 4

Criterion Feedback

Your code should resemble the following:

```
nav { float: left;
width: 160px;
font-weight: bold;
padding: 1em;
}
```

yoga.css	Proficient 3–4 points	Acceptable 1–2 points	Limited 0 points	Criterion Score
Task 2.4: CSS nav a	<p>Skill successfully demonstrated.</p> <p>Modify style rules for the nav a element.</p> <p>Will remove font-weight and use border, display, margin-bottom, text-decoration.</p> <p>Will also add nav a:link, nav a:visited, and nav a:hover.</p> 	<p>Skill somewhat demonstrated.</p> <p>Modify style rules for the nav a element.</p> <p>Will remove font-weight and use border, display, margin-bottom, text-decoration.</p> <p>Will also add nav a:link, nav a:visited, and nav a:hover.</p>	<p>Skill not demonstrated.</p> <p>Modify style rules for the nav a element.</p> <p>Will remove font-weight and use border, display, margin-bottom, text-decoration.</p>	4 / 4
Task 2.5: CSS nav ul	<p>Skill successfully demonstrated.</p> <p>Will use nav ul.</p> 	<p>Skill somewhat demonstrated.</p> <p>Will use nav ul.</p>	<p>Skill not demonstrated.</p> <p>Will use nav ul.</p>	4 / 4

yoga.css	Proficient 3–4 points	Acceptable 1–2 points	Limited 0 points	Criterion Score
Task 2.6: CSS main element selector	<p>Skill successfully demonstrated.</p> <p>Modify style rules for the main element.</p> <p>Will use margin-left and padding-top.</p>	<p>Skill somewhat demonstrated.</p> <p>Modify style rules for the main element.</p> <p>Will use margin-left and padding-top. ✓</p>	<p>Skill not demonstrated.</p> <p>Modify style rules for the main element.</p> <p>Will use margin-left and padding-top.</p>	2 / 4

Criterion Feedback

Your code should resemble the following:

```
main { padding-left: 2em;
padding-right: 2em;
display: block;
margin-left: 170px;
padding-top: 1em;
}
```

Task 2.9: CSS modify #hero selector/style & Task 2.7: CSS remove img selector/style	<p>Skill successfully demonstrated.</p> <p>Remove img element selector and style.</p> <p>Modify #hero element selector and style. ✓</p>	<p>Skill somewhat demonstrated.</p> <p>Remove img element selector and style.</p> <p>Modify #hero element selector and style.</p>	<p>Skill not demonstrated.</p> <p>Remove img element selector and style.</p> <p>Modify #hero element selector and style.</p>	4 / 4
---	---	---	--	-------

yoga.css	Proficient 3–4 points	Acceptable 1–2 points	Limited 0 points	Criterion Score
Task 2.8: CSS class named floatleft	Skill successfully demonstrated. Will use .floatleft. 	Skill somewhat demonstrated. Will use .floatleft.	Skill not demonstrated. Will use .floatleft.	4 / 4
Task 2.10: CSS class named clear	Skill successfully demonstrated. Will use .clear. 	Skill somewhat demonstrated. Will use .clear.	Skill not demonstrated. Will use .clear.	4 / 4
Task 2.11: CSS class named onehalf	Skill successfully demonstrated. Will use .onehalf. 	Skill somewhat demonstrated. Will use .onehalf.	Skill not demonstrated. Will use .onehalf.	4 / 4
Task 2.12: CSS class named onethird	Skill successfully demonstrated. Will use .onethird. 	Skill somewhat demonstrated. Will use .onethird.	Skill not demonstrated. Will use .onethird.	4 / 4

yoga.css	Proficient 3–4 points	Acceptable 1–2 points	Limited 0 points	Criterion Score
Task 2.13: CSS header a	Skill successfully demonstrated. Will use header a. Will also add header a:link, header a:visited, and header a:hover. ✓	Skill somewhat demonstrated. Will use header a. Will also add header a:link, header a:visited, and header a:hover.	Skill not demonstrated. Will use header a. Will also add header a:link, header a:visited, and header a:hover.	4 / 4

index.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 3.1 Index page header	Skill successfully demonstrated. Convert header to a hyperlink. Will use a href. ✓	Skill somewhat demonstrated. Convert header to a hyperlink. Will use a href.	Skill not demonstrated. Convert header to a hyperlink. Will use a href.	3 / 3

index.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 3.2 Index page nav li tags remove 	Skill successfully demonstrated. Modify style rules for the nav element. Will remove and use ul and li. ✓	Skill somewhat demonstrated. Modify style rules for the nav element. Will remove and use ul and li.	Skill not demonstrated. Modify style rules for the nav element. Will remove and use ul and li.	3 / 3
Task 3.3 Index page edit img tag	Skill successfully demonstrated. Modify style rules for the img element. Will remove align and use class.	Skill somewhat demonstrated. Modify style rules for the img element. Will remove align and use class. ✓	Skill not demonstrated. Modify style rules for the img element. Will remove align and use class.	1.5 / 3

Criterion Feedback

Your code should resemble the following:

```

```

index.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 3.4 Index page edit div	Skill successfully demonstrated. Modify style rules for the div element. Will use class. ✓	Skill somewhat demonstrated. Modify style rules for the div element. Will use class.	Skill not demonstrated. Modify style rules for the div element. Will use class.	3 / 3

classes.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 4.1 Classes page header	Skill successfully demonstrated. Convert header to a hyperlink. Will use a href. ✓	Skill somewhat demonstrated. Convert header to a hyperlink. Will use a href.	Skill not demonstrated. Convert header to a hyperlink. Will use a href.	3 / 3

classes.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 4.2 Move div id="hero"	<p>Skill successfully demonstrated.</p> <p>Move the entire div id="hero" element to below the description list, just above the main closing tag.</p>	<p>Skill somewhat demonstrated.</p> <p>Move the entire div id="hero" element to below the description list, just above the main closing tag.</p> <p>✓</p>	<p>Skill not demonstrated.</p> <p>Move the entire div id="hero" element to below the description list, just above the main closing tag.</p>	1.5 / 3

Criterion Feedback

Your code should resemble the following:

```
<div id="hero">

</div>
</main>
```

Note: The entire div element should have been moved to the end of main.

Task 4.3 Classes page sections	<p>Skill successfully demonstrated.</p> <p>Convert dl to sections.</p> <p>Will remove dt and dd and use h3 and p.</p> <p>✓</p>	<p>Skill somewhat demonstrated.</p> <p>Convert dl to sections.</p> <p>Will remove dt and dd and use h3 and p.</p>	<p>Skill not demonstrated.</p> <p>Convert dl to sections.</p> <p>Will remove dt and dd and use h3 and p.</p>	3 / 3
-----------------------------------	--	---	--	-------

schedule.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 5.1 Schedule Page header	Skill successfully demonstrated. Convert header to a hyperlink. Will use a href. 	Skill somewhat demonstrated. Convert header to a hyperlink. Will use a href.	Skill not demonstrated. Convert header to a hyperlink. Will use a href.	3 / 3
Task 5.2 Move div id="hero"	Skill successfully demonstrated. Move the entire div id="hero" element to below the description list, just above the main closing tag.	Skill somewhat demonstrated. Move the entire div id="hero" element to below the description list, just above the main closing tag. 	Skill not demonstrated. Move the entire div id="hero" element to below the description list, just above the main closing tag.	1.5 / 3

Criterion Feedback

Your code should resemble the following:

```
<div id="hero">

</div>
</main>
```

Note: The entire div element should have been moved to the end of main.

schedule.html	Proficient 1.6–3.0 points	Acceptable 0.1–1.5 points	Limited 0.0 points	Criterion Score
Task 5.3 Schedule page sections	Skill successfully demonstrated. Will use section. ✓	Skill somewhat demonstrated. Will use section.	Skill not demonstrated. Will use section.	3 / 3

Solution	Proficient 12–22 points	Acceptable 6–11 points	Limited 1–5 points	Error 0 points	Criterion Score
----------	-----------------------------------	----------------------------------	------------------------------	--------------------------	------------------------

Solution	Proficient 12–22 points	Acceptable 6–11 points	Limited 1–5 points	Error 0 points	Criterion Score
Errors	<p>Program runs free of errors and resembles the structure and format of the solution required in the Case Study.</p> <p>See the Figures in the textbook for the solution.</p>	<p>Program runs but does not resemble the solution required in the Case Study.</p> <p>See the Figures in the textbook for the solution.</p> <p>And/Or</p> <p>Program runs but is missing corrected code from a previous Case Study.</p> <p>See feedback on previous rubrics for code solutions. ✓</p>	<p>Program runs but displays an error.</p> <p>And/Or</p> <p>Required image files are missing.</p> <p>See the textbook and chapter files for example code.</p>	<p>Program does not run.</p> <p>See the textbook and chapter files for example code.</p>	15 / 22
